

ARJUN MEHTA

Email: arjun.mehta@mlops.in | Phone: +91 99001 33445 | Location: Pune, India

Current Role: Machine Learning & MLOps Engineer

SUMMARY

Machine Learning Engineer with 4.5 years of hands-on experience in predictive modeling, deep learning, and MLOps infrastructure. Skilled in Python, SQL, Machine Learning, Pandas, Scikit-Learn, TensorFlow, Docker, Kubernetes, and AWS.

WORK EXPERIENCE

Machine Learning Engineer | VerveTech Solutions | Apr 2022 - Present

- Trained and deployed predictive regression and classification models using Python, Scikit-Learn, TensorFlow, and Pandas.
- Containerized ML workloads using Docker and Kubernetes with CI/CD automation on AWS.
- Wrote optimized SQL queries on PostgreSQL and Snowflake for model training datasets.

Associate ML Engineer | AlgoStream Labs | Aug 2021 - Mar 2022

- Built computer vision and tabular ML models using TensorFlow, Scikit-Learn, and NumPy.
- Developed Flask and REST APIs for internal model consumption.

EDUCATION

B.Tech in Computer Science and Engineering | BITS Pilani | 2021 | CGPA: 8.5/10

SKILLS

Python, SQL, PostgreSQL, Machine Learning, Deep Learning, Pandas, NumPy, Scikit-Learn, TensorFlow, Docker, Kubernetes, Flask, REST APIs, MLOps, AWS, CI/CD, Git

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA)
- TensorFlow Developer Certificate

PROJECTS

- Automated MLOps Model Registry: Built end-to-end training and Docker deployment pipeline for Scikit-Learn and TensorFlow models.
